Features

Details never looked this sharp.

With a 48MP sensor, every sparkle, every cut, every micro-detail is captured in stunning ultra-high resolution. Because your work deserves nothing less than flawless.

Zoom in. Way in.

A precision-engineered 10x lens brings every facet into breathtaking focus. See your craftsmanship like your customers will — up close, in perfect clarity.

Intelligent details, like never before.

With revolutionary jewelry intelligence, every part of your jewelry stays sharp – from every angle. No blurry spots.

Plug and play.

Instantly capture and create with seamless plug and play — simply connect, and let your creativity flow.
